

For Greeters: Help Students Get Registered

Thank you for helping!

When students walk in the front door, ask:

"Do you have a barcode?"

If no, "Go to www.strivefair.com and fill out the form.
It only takes a minute, then you'll receive a barcode."

If they have a barcode, or once they get it, tell them:

"Show the barcode to colleges who can scan it.
They'll send you more information about their school."

Why should I register?

Register so you can get a barcode. Show your barcode to college reps who can scan it to send you more information about their school.

Tomorrow you will receive an email report with a list of all of the colleges that scanned you.

What happens when I register?

You are *texted* and/or *emailed* a barcode. The barcode should arrive in about a minute.

How long does it take?

Registering only takes about a minute or two.

Does it cost anything?

No, it's free for students.

What do colleges do with my information?

Colleges will send you important information about their school, deadlines, applying, and more.

What if I make a mistake?

Just register again. Go to www.strivefair.com and fill out the form again. You'll be sent a new barcode. Delete the old barcode and use the new one.

Is there an app?

No. There is nothing for you to download. Just the barcode. (The app is only for college reps.)

What about my privacy?

Your registration information is only shared with colleges who you allow to scan your barcode.
