

QUICK START GUIDE

CREATE AN ACCOUNT

If you haven't created an account yet, go to:
www.strivescan.com/register

Create an account and a profile for your institution.
Then download the StriveScan app from the App Store
or Google Play Store.

UNLOCK THE FAIR

Purchase fair credits at \$24 each via the website or
app.
One credit unlocks scanning at one fair. Includes
unlimited scans, unlimited devices, and multiple reps
at no additional charge. Credits never expire and can
be used at any StriveScan fair.

PICK A SCANNING MODE

While on the camera screen or in the Settings, you
choose which scanning mode you want to use:

► STANDARD

All of the student's information is displayed with each
scan.
You can take notes on the student and add a rating.
Requires a solid internet connection.

► QUICK

Faster: Only the student's name is displayed with each
scan.
You can take notes on the student and add a rating.
Use Quick for offline scanning without internet or to
conserve battery.

► TURBO

Fastest: Rapidly scan many students without stopping.
No internet connection required.

► SELF-SCAN

Prop your phone up on a stand and let students scan
themselves.

TEST SCAN

Scan this test barcode to try it out:

STUDENT DOESN'T HAVE A BARCODE?

Direct students without barcodes to register at:

www.StriveFair.com

NO INTERNET?

No cell service, no wifi, no problem! Once you
download the app, log in, and unlock a fair, you can
scan without an internet connection.
Use **QUICK** or **TURBO** mode to scan. After the fair,
reconnect and reopen the app to sync. We recommend
syncing *within 24 hours*.

AFTER THE FAIR: EXPORT YOUR DATA - DIY

Click the **Export All** button anytime and you'll receive
an email with the students' information attached as a
CSV/Excel file.

AFTER THE FAIR: STUDENTS GET A REPORT

24 hours after the fair, StriveScan sends every student
at the fair a summary report of all the colleges with
whom they scanned. Your institution profile and your
contact information are included.

ADD COLLEAGUES

If you have colleagues who will be using StriveScan at
other fairs you can invite them to join your institution's
account. Instructions: www.strivescan.com/invite
